

September 2017

We are **racing** back into the new school year! The Deer room has gone through a restructuring and we are excited to get this year started. **Ready Set GO!** Our morning class is setup very similar to last year **but** we will be increasing opportunities for one-on-one structured learning, increasing inclusion time, focusing on self-help skills, and encouraging the children to become more independent on schedules. Our afternoon class will be receiving more intensive one-on-one instruction and therapy time, as well as opportunities for inclusion, communication devices and traveling schedules.

We have also had a face lift of assistant teachers. We welcomed Baylie and Amanda to our summer school room and they will continue with us into the school year. Of course we still have Julie and Erin from last year, as well as our therapists: Shannon, Megan and Gina!

Please be sure to **race** the paperwork back to the classroom as soon as possible!!

We will begin our school year themes with Transportation and All about Me.

We look forward to an AMAZING year heading towards the (goals)!

That's all for now from the Pit Crew
