## February 2018

January has come and gone so quickly! We had a blast learning about the Zoo and Superheroes! Our kiddos have graduated from Super-kids to Super-heroes with all our strength training (Superhero Activity Obstacle Course and Superhero Yoga) and Superhero Trait Training (manners, kindness, helpfulness, and safety). We are so proud of their big hearts and helping hands! This coming month we will be learning about Space, Star Wars, Fantasy, Folk Tales, and Fairy Tales. Unfortunately we will not be able to go to the Planetarium, but we will still make our activities as fun as possible.

Tuesday, February 6<sup>th</sup> our class will be hearing a presentation on dental health at 9:15 and 1:15. Following the presentation, children with returned and signed permission slips will be getting a free dental check-up in the observation room. If you would like your child to participate in the dental exam portion, please return the permission slip before the 6<sup>th</sup>.

Our class will have a Valentine's Day Party on Wednesday, February 14<sup>th</sup>. You may bring in Valentine's filled out to "My Friend" (morning class has 15 kids and afternoon class has 11 kids) and the children will deliver their Valentines to their friends' "mail boxes." We will have treats and games throughout the day. CDC will be closed Friday, the 16<sup>th</sup>, and Monday, the 19<sup>th</sup> for President's Day.

### Special Announcements

Picture Day will be Tuesday, February 27<sup>th</sup> at 10:00 am and 2:00 pm. More information will come soon.

### Home Activities

Cooking and baking with your children are great ways to sneak in education without them knowing it! When they have to follow a recipe it helps them plan and follow directions, measuring ingredients helps with counting and math concepts, and doing something together strengthens and builds positive relationships. Baking itself is also a great science experiment.
