April 2018

Dear Families,

We are completing our "spring" theme this week. Our themes for the rest of this month will be "Bugs and Ponds", in celebration of warm weather to come (finger-crossed)! Since you may be spending more time outside with your child, please talk about the different bugs you notice to help get your child excited!

We will be scheduling parent teacher conferences this coming week-more information to come. For those children who ride the bus, parents will receive a telephone call to schedule a time for a conference.

Our annual fundraiser is April 21st, this is a great time to celebrate CDC! If you have any interest in attending please call the front desk for more information.

You may have noticed a new face in the Bumblebee room. Breanne Jay will be the Early Childhood Special Educator for the remaining school year. She is excited to be back at CDC and is enjoying getting to know all the Bumblebees! If you have any questions please feel free to ask.

Have a great month!
