

November 2017

A huge thank you to all of the parents who attended the Parent/teacher Conferences! It was wonderful to be able to take time to discuss the progress your child has made since the beginning of the school year! We are excited to see what the new year will bring for our Tiger children and families!

During the month of December we will be focusing on Christmas and we will be having a very special visit from Santa Claus on December 12th. There will be a group of parents available to take photos of your child on Santa's lap if they are comfortable and willing! We will also be having a concert from children from the Casper Classical Academy on the 14th of December. The last day of classes will be on December 19th and classes will resume on Wednesday, January 3rd.

This month our newsletter focus is on Sensory Processing. We actually have eight senses: touch (tactile), taste (gustatory), sight (visual), sound (auditory), smell (olfactory) and there's three more vestibular (balance, coordination, spatial orientation), proprioception (sense of muscle and joints) and interoception (internal regulation for thirst, hunger, etc.) . Sensory Processing is the way the brain processes the senses. Many children have difficulty processing sensory input and we have attached a sheet of strategies that might be helpful if your child is one that has appears to have sensory difficulties. If you have further questions about any of the strategies mentioned or other sensory concerns, please visit with the classroom staff!

Thank you for sharing your child with us and we hope you have a festive month of December!

Special Announcements

Tiger Room needs:

- Fun Duct Tape
- Clear Packaging Tape

Home Activities
