May 2018

Dear Families,

We are down to the last month of class for the school year! We have loved having your kiddo in class and getting to know them over the course of their time in the Kitten Room!

We will begin the month wrapping up our Farm unit. From there we will learn about caterpillars, butterflies, and flowers. We will be making our own butter, creating caterpillars, and special flower bouquets.

The last day of school is Tuesday, May 22nd. As that date approaches I will send out more information regarding the end of school year celebration. We will be showing some classroom spirit by creating kitten snacks, reading Pete the Cat, and doing other fun kitten activities!

As weather permits, we are going outside to play. Please send your child with a coat or jacket. Also now that we are seeing more sunny days and warmer weather, please put sunscreen on your child. Per our regulations, we are unable to put lotion on your child at school.

We are excited to learn and explore this month!

Thank you for sharing your child with us!

Elizabeth, Sierra, and Serri
